Next Meeting is the  
**FOURTH Thursday**  
May 26, 2016  
7:00 – 10:00 pm

**Demo: Ron Pouliot**  
Will demonstrate a  
hollowing system  
on a big lathe.

**Arboretum wood will**  
be at this meeting.

## President's Letter

**Arboretum:** By now many of you should be hard at work on items made from Arboretum Wood. Keep in mind that not all exhibit pieces need be arboretum wood as long as there are several.

**Patches:** Reminder; Each member gets 1 free, and after everyone gets theirs the extras will be available for two dollars. Patches are available from Duncan Suss.

**Club Equipment:** Darraugh has stepped forward to take temporary custody of our AV equipment. Thank you Darraugh!

**President's Note of the Month:** It was decided at last meeting that we will go ahead and order a 55/gal drum of Classic Winterized Anchor Seal. One of our new members Mark Stiller offered to have it delivered to his workplace — so we can use the dock there and save money on delivery. John Early and I will set that up for delivery in a few months.

### Safety First!

- Always wear a face shield !!
- Make sure your tail-stock is LOCKED before turning on the lathe!!!
- Never move the tool rest while the lathe is spinning.
- When you have to chase your lathe around the room, you're turning speed is too high.
