email: info@revolutionary-turners.com

website: <http://www.revolutionary-turners.com/>

President's Letter

Arboretum: I hope you are all at work slaving away on your Arboretum piece. I will have more info on what ART will be assigned for the Arboretum weekend, at our next meeting, July 21.

Patches: I hope that most people have sewed their patches to their smocks. These can be worn at the Arboretum and at Topsfield Fair.

Learn and Turn Mentor: This program has been quite successful! I would like someone to step forward and arrange for a mentor each meeting – like Darragh does for demos.

Topsfield Fair: A little info about the fair for those of you who have never been. The Topsfield Fair is the oldest continuous agriculture fair in the US. The fair has provided ART with a nice small building near the kiddie rides. We are at the Fair during its run, this year from September 30 to October 10. We will have two club lathes and the grinder. The fair also allows us to sell our items while we are there. Our building has shelves in it where we display our wares. Any active club members can sell. If you want to sell some items it would be appreciated if you work some shifts. All members should work at LEAST one shift just to support the club. You get into the fair for free; turn some, cover the selling area and take a break to walk around the fair. You don't have to be a great turner just come. The general public thinks that turning wood is magical. Plus a great chance to be mentored!

President's Note of the Month: The summer means more time available for the shop and more chances to get hurt. Be more safety conscious in the summer.

Happy Turning!

John Flynn
POART

Next Meeting is
July 21, 2016
7:00 – 10:00 pm

Demo:
Making a Lid with
Bruno DiDuca

Learn & Turn
5:30 – 6:30.

Club Officers

John Flynn
President

Darragh Cosgrave
Internal Vice President

Mike Souter
External Vice President

Mark Holden
*Secretary, Treasurer,
Newsletter Editor*

Duncan Suss
Membership Director

Ron Pouliot
Topsfield Coordinator

Catherine Francis
Club Librarian

John Earley
Supplies Coordinator

Ralph Rumery,
Equipment Coordinator

Ken Paciulan
Webmaster, Photographer

Safety First!

- Always wear a face shield !!
- Make sure your tail-stock is LOCKED before turning on the lathe!!!
- Never move the tool rest while the lathe is spinning.
- When you have to chase your lathe around the room, you're turning speed is too high.

AAW | AMERICAN ASSOCIATION
OF WOODTURNERS

Chapter of American Association of Woodturners (AAW)
<http://www.woodturner.org>

Business Meeting Minutes, June 16, 2016 *taken by Mark Holden, ART Secretary*

7:02 meeting opened.

Attendance, approximately 30.

Reports

Membership Director: 82 paid members.

Internal VP: Mike Souter will demo in August, Mike asked if anyone wanted to see anything in particular. Steve Mittleman will demo in December.

External VP: Stuart Batty is confirmed in November and charges \$750 a day +expenses. Middlesex CC for Saturday, suggested \$25-30 for admission (tabled to be discussed later). Mike will look into using Woodcraft or Donna's barn for hands on Sunday. Mike will coordinate lathe needs for Saturday.

Supplies Coordinator: Inventory is good – list available for those interested.

Librarian: entire library is available at the meeting.

Topsfield Coordinator: Ron described how the Topsfield Fair works; good opportunity to get to know members, learn from others. The sign up sheet will be online. You must do at least one shift to be able to put items to sell in the store. The fair runs from September 30th to October 10th this year.

New Business

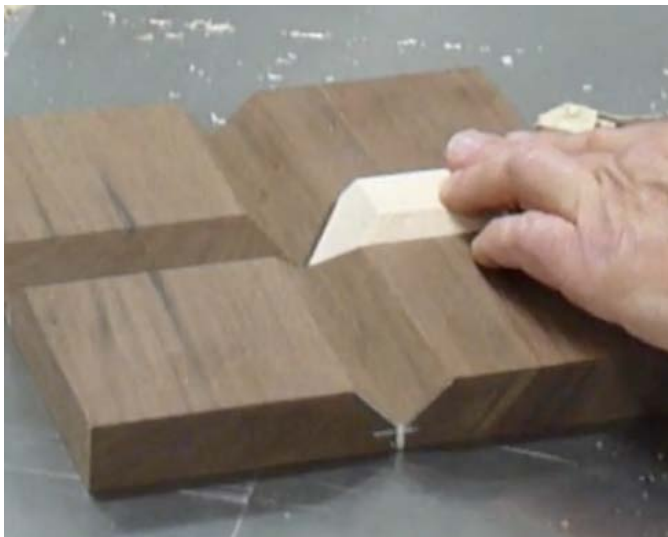

Arboretum is having a meeting July 11, 12 or 13 with representatives from the 3 clubs to coordinate efforts. John will add info to update us in the July newsletter.

Motion for the May minutes to be accepted as published in the June newsletter. Seconded & approved.

7:15 meeting adjourned.

Short break followed by show & tell, then Steve Reznek's demo on splines and partial segmenting.

Demo: Splines & Partial Segmenting *by Steve Reznek*

June Show & Tell

More June Show & Tell

2016 Club Demonstration Schedule

July	Bruno DiDuca	Making the lid from one of his recent show and tells
August	Mike Souter	tbd
September	Club Critique	Member work to be presented and discussed
October	Donna Banfield	tbd
November	Stuart Batty	Demo on the 12th with a workshop on the 13th
December	Steve Mittleman	tbd

If you have a skill, technique or a unique turning that you would like to share with the club please contact Darragh Cosgrave, at a meeting, by phone 978-712-8042 or email: InternalVP@revolutionary-turners.com

Monthly Pre-Meeting Learn & Turn

5:30 – 6:30
before the start of the meeting.

Woodcraft lathes will be available for beginner turners and anyone interested in trying turning with instruction by experienced members.

This is open to the general public, so feel free to invite your friends to come and participate.

Pay your dues for 2016 online at:

ART Mentor Program

The purpose of this program is to provide a resource for members who need a bit of help. Whether you're a beginner or a more experienced turner, whether you need an all-day session or 20 minutes worth of pointers, these mentors are here to help you. Feel free to give one a call or approach them at the next meeting.

Center for Furniture Craftsmanship

25 Mill Street, Rockport, Maine

Bowl, Knife, and Spoon with Jim Sannerud July 25 – 29

This course provides an introduction to green woodworking in the Scandinavian tradition. Starting from fresh-cut birch logs, participants learn to create a variety of lathe-turned and knife-carved objects such as bowls, spreaders, and spoons. Jim provides instruction in safe and effective turning with bowl gouges and parting tools, carving with a sloyd knife, and achieving decorative effects with milk paint and other natural finishes.

More information: www.woodscool.org/turning/bowl-turning

Turned, Carved, and Gilded Spoons with Jacques Vesery August 1 – 5

How do you create exquisite, alluring, visually powerful sculptural objects in wood? This course is for any maker who wants to do just that. Using the humble spoon as a launch pad, Jacques guides participants to experiment with new tools and techniques and to explore design elements such as proportion, scale, volume, texture, and color. Each student creates one or more spoons, focusing on the seamless integration of form and surface.

More information: www.woodscool.org/turning/turned-carved-spoons

Tea Time for Turners with Stephen Hatcher August 8 – 12

This is an opportunity for intermediate and advanced turners to learn teapot turning from a master. Stephen shares techniques for making single teapots from one piece of seasoned hardwood, and stacked teapots that gradually change shape and dimension. He also demonstrates signature methods for accenting surfaces with inlay materials and guitar woods that students initially practice by making platters. Each student can expect to complete one teapot from start to finish.
