President's Letter

Happy October ARTIES!

Arboretum: I need a person to volunteer for demo at the exhibition Sun, @ 3P There will be a lathe and grinder there you just bring tools and show off for ½ to an hour plus the Arboretum would like 1 or 2 items from the club to raffle off.

Wood Swap: This month we have some items from North Woods Figured Woods. They sent a free box of Maple just charging for shipping.

Learn and Turn Mentor: We need a permanent one – I need someone to stand-up and take this on.

Topsfield Fair: This year was a big success.

Two things you have to remember 1, There is not unlimited space for items. If you have larger items just put in 1-3. and 2, The space between the two tables that form an aisle to our building is less than 36 inches, the sales area is 40.5 square feet. Members cannot stand in those areas. There should be only one member in the sales area at a time. If you aren't turning, stand outside and ask passers by to come in.

President's BITCH of the Month: Yours truly is getting tired of sending out emails and getting 1 or 2 responses always from the same people. Elections are coming up soon and it makes me wonder about taking on another year of doing this and not getting any help except from the same members. This is your club Get involved.

Be Safe and Happy Turning!

John Flynn, POART

Next Meeting is

Safety First!

- Always wear a face shield !!
- Make sure your tail-stock is LOCKED before turning on the lathe!!!
- Never move the tool rest while the lathe is spinning.
- When you have to chase your lathe around the room, you're turning speed is too high.

ART Mentor Program

The purpose of this program is to provide a resource for members who need a bit of help. Whether you're a beginner or a more experienced turner, whether you need an all-day session or 20 minutes worth of pointers, these mentors are here to help you. Feel free to give one a call or approach them at the next meeting.
